The Honorable Robert E. Gerber  
United States Bankruptcy Judge  
United States Bankruptcy Court  
Southern District of New York  
One Bowling Green  
New York, New York  
10004-1408

Dear Judge Gerber:

As a retired person who has just been laid off from my teaching position at the California State University at Dominguez Hills, I object strongly to the provision that awards a greatly disproportionate share of the future equity in the New General Motors (GM) to the Unions and their Retirement Funds. I own only a small amount of GM debt, \$10,000 in my retirement IRA, I am 77 years old and I will need the funds. If I am forced to take Stock in GM rather than money, I should at least get a proportionate share.
